

Explicit Meaning - Workbook 2

Precision practice: qualifiers, conditions, deadlines, and closely related details.

Directions

Read each short text. Answer only from information stated in the text. Do not use outside knowledge or add assumptions.

Text 1: Weekend Trail Shuttle

From May through September, the county trail shuttle runs on Saturdays, Sundays, and public holidays. The first bus leaves the downtown station at 7:15 a.m., and the final return bus leaves Pine Ridge at 6:40 p.m. Bicycles are accepted only when space is available on the front rack. Riders under age 12 must travel with someone age 16 or older.

1. Which riders must travel with someone age 16 or older?

- A. All bicycle riders
- B. Riders under age 12
- C. Anyone using the first bus
- D. Only public-holiday riders

2. Which statement is directly supported about bicycles?

- A. Every bus has unlimited bicycle storage.
- B. Bicycles are allowed only on Sundays.

- C. Bicycles may be carried when rack space is available.
- D. Riders must reserve bicycle space one week ahead.

Text 2: Night-Blooming Flowers

Some desert flowers open mainly after sunset. One species studied by local botanists begins opening near dusk and produces its strongest scent during the first three hours of darkness. Researchers observed moths visiting the flowers more often than bees during the night study period. By late morning, most flowers had partially closed.

3. When does the flower species produce its strongest scent?

- A. During the first three hours of darkness
- B. At noon
- C. Only before sunrise
- D. Throughout the entire day

4. Which visitors were observed more often during the night study period?

- A. Bees
- B. Birds
- C. Bats
- D. Moths

Text 3: Remote Work Equipment

Employees approved for remote work may request one external monitor, one keyboard, and one mouse from the company equipment

desk. The company does not provide home internet service or office furniture. Equipment remains company property and must be returned within ten business days after an employee leaves the organization or moves to a fully on-site position.

5. Which item may an approved remote worker request from the company?

- A. A desk chair
- B. Home internet service
- C. An external monitor
- D. A filing cabinet

6. When must company equipment be returned after an employee leaves?

- A. Within ten calendar days
- B. Within ten business days
- C. Before the employee's final week begins
- D. Only when the equipment desk asks for it

Text 4: The Borrowed Book

At lunch, Mina realized that the novel in her bag belonged to Tariq. He had lent it to her the week before and asked for it back by Friday. It was already Thursday. Mina placed a sticky note on the cover that said, "Bring to Tariq tomorrow," then moved the book from her backpack to the table beside her front door when she got home.

7. What day did Tariq ask to have the novel returned?

- A. Thursday
- B. Friday
- C. Saturday
- D. The following Monday

8. Where did Mina put the book after she got home?

- A. Back in her backpack
- B. On Tariq's desk
- C. On the kitchen counter
- D. On the table beside her front door

Answer key

1. B - The shuttle rule directly says riders under age 12 must travel with someone age 16 or older.

2. C - The passage says bicycles are accepted only when space is available on the front rack.

3. A - The flower produces its strongest scent during the first three hours of darkness.

4. D - Moths were observed visiting more often than bees during the night study period.

5. C - An external monitor is one of the three items the company may provide.

6. B - The policy gives a deadline of ten business days.

7. B - Tariq asked for the novel back by Friday.

8. D - Mina moved the book to the table beside her front door.
