

Organize, Develop & Revise

Workbook 2 - Apply

Directions

Apply the skill with less support. Explain the reasoning, not only the final answer.

Exercise 1

Outline two body paragraphs using one reason each.

Task: Use evidence and analysis under each.

Exercise 2

A paragraph repeats the same statistic three times.

Task: Revise the development.

Exercise 3

A conclusion introduces a new survey.

Task: What should you do?

Exercise 4

Your sentence changes "may reduce" to "will eliminate."

Task: What kind of revision is needed?

Answer reasoning

Compare your reasoning, not just your wording.

Exercise 1

Reasoning target: Each body paragraph should have a distinct reason, matching evidence, explanation, and comparison.

Exercise 2

Reasoning target: State the statistic once, then spend space explaining its significance and comparing the other source.

Exercise 3

Reasoning target: Move the survey into a body paragraph or cut it; conclusions should close the reasoning.

Exercise 4

Reasoning target: Restore source precision; do not strengthen the author's claim.

Mistake check

If you missed an item, label the cause: task misunderstanding, source drift, weak evidence match, summary without analysis, organization, or sentence clarity. Then redo the item in one precise sentence.
