The prompt says: Determine which position is better supported by evidence.

Task: Write the task in your own words.

Exercise 2

Source A recommends expansion after a pilot; Source B recommends delay because costs may rise.

Task: Write each main claim in one line.

Exercise 3

A source gives a survey percentage and then recommends a policy.

Task: Label the percentage.

Exercise 4

A source says its pilot lasted only eight weeks.

Task: Label this detail.

Answer reasoning

Compare your reasoning, not just your wording.

Exercise 1

Reasoning target: Judge the two sources by their support; do not give only personal opinion.

Exercise 2

Reasoning target: A: expand after pilot. B: delay because of possible cost risk.

Exercise 3

Reasoning target: Evidence, if it is relevant to the policy claim.

Exercise 4

Reasoning target: A limitation that narrows how confidently the result can be generalized.

Mistake check

If you missed an item, label the cause: task misunderstanding, source drift, weak evidence match, summary without analysis, organization, or sentence clarity. Then redo the item in one precise sentence.
