Answer reasoning

Check the rule and the meaning, not only the letter.

For every miss, identify whether the problem was grammar, punctuation, word meaning, sentence logic, or a rushed reading of the context.

Exercise 1

Best answer: B. sits

Why: Box is the subject. Along with two clipboards does not make the subject plural.

Exercise 2

Best answer: B. is

Why: With neither...nor, the verb agrees with the nearer subject here: manager, which is singular.

Exercise 3

Best answer: B. me

Why: The pronoun is an object in the phrase by Jordan and me.

Exercise 4

Best answer: A. The schedule change confused some patients.

Why: The noun phrase names exactly what caused the confusion instead of using a vague this.
